PERFECT FOR SMALL BUSINESS

- ✓ Instant broadband connectivity for speedy transactions that won't slow down your business
- ✓ The latest, most reliable advances in security for maximum protection
- ✓ Combines a compact, ergonomic design, with a small footprint to optimize handover usage

With a huge boost in memory of 160 MB standard to over 500 MB, the VX-520 supports value-added applications such as loyalty and gift cards. The screen is high-contrast black and white with a blue backlit keypad for high visibility in dim lighting. The ease of use includes a quick-release transparent door, designed to load paper quickly.
